

## OUT OF BOUNDARY POLICY

Changes in the DLL policy for out of boundary players have been necessitated by the growth of the league and corresponding limitations in the availability of fields and coaches.

DLL encourages all players to register with the league associated with their specific neighbourhood so they can enjoy the added benefits of meeting neighbourhood children and being eligible for Little League tournament play, which is offered only to in boundary players, as per Little League rules.

Out of boundary registrants will be placed on a waiting list until in boundary registration is complete in mid March. Cheques covering registration fees will not be cashed until an out of boundary player has been offered a position on a team. No out of boundary applications will be accepted for Majors due to limitations in available spaces.

If your child is out of boundary for DLL (see below), please contact the Jericho, Kerrisdale or Little Mountain Little Leagues for information on registration.
